One Way Dual Language Program at Richard R. Green Central Park Elementary School

To be bilingual and biliterate in a multilingual world. This is the hope and dream of the One Way Dual Language Program in Minneapolis Public Schools. At

Richard R. Green Central Park Community School, one classroom at each of our grade levels is a dual language classroom, meaning that students learn in Spanish and English. Each year as the program progresses, students spend more time reading, writing, and doing math, science, and social studies in each language, with the goal that when students leave Green, they will be able to listen, speak, read, and write in Spanish and English. Your child is a great fit for this program if:

- ❖ Spanish is the child's home language;
- ❖ You wish for your child to listen, speak, read, and write in two languages;
- ❖ Green is your community school

Each teacher in our dual language program is fully bilingual and biliterate in English and Spanish.

Questions?

For more details about the One Way Dual Language Program at Richard Green Elementary School, please contact Amy Patnoe, District Program Facilitator in the Multilingual Department.
